Invitation - ZK/U Residency Program

To whom it may concern,

We are pleased to inform you that **Dada Issues Collective Press** is invited to temporarily work and live among other artists and researchers at **ZK/U - Center for Art and Urbanistics** in Berlin. ZK/U is an established cultural space for inter- and transdisciplinary activities centered on local and global discourses and promotes international exchange. Working with renowned local and international partners, ZK/U brings together experts in artistic production, urban research and offers residencies of 2–6 months duration for art production at the interface of urban research.

Contemporary artistic positions ranging from contextual and interventionist to conceptual art address selected themes. Work at ZK/U Berlin is informed by theoretical and practice-based critiques developed in the disciplines of geography, anthropology, art criticism, urban planning, architecture, and the humanities. The ZK/U concept and practice were initiated by the artist collective and non-profit organization KUNSTrePUBLIK e.V. and was founded in 2012.

ZK/U is pleased to invite the **Dada Issues Collective Press** (Kjipuktuk/Halifax, Nova Scotia, Canada) to take part in our artist-directed residency program in Berlin-Moabit during two periods:

1. November 7 to 14, 2026 (8 days), for three members of the collective
2. December 10 to 18, 2026 (9 days), for five members of the collective, including participation in the ZK/U market in December.
   During both periods the collective will use Studio 5 (November) and Studio 14 (December) at ZK/U, which includes accommodation, access to the shared kitchen and communal spaces. The residency fee for the whole group is EUR 800 for the November period and EUR 1,100 for the December period. During each period the collective will give one group presentation of its research and creation practices to the international community at ZK/U, and in December will sell printed matter at the ZK/U market.

ZK/U's invitation includes studios and accommodation, access to shared facilities and event spaces, a venue for a group presentations, a market table, introductions to other residents and local practitioners, introductions to the local art scene. ZK/U does not cover travel costs, which the collective is arranging for.

Sincerely,
Carola Uehlken
Residency coordinator
